

Gate section marking education and practice!

Happy Spring M.O.T.A. members!

Some of you may have heard that there is a difference in section marking. This is known as the FIM/NATC style also known as Gate.

Basic simple explanation is you are only allowed to pass through gates marked with your class.

To Educate the organization we are holding two independent training sessions which involves free ride practice as well. One in Indiana and Two in Flint!

All are welcome to any session to ride or spectate.
